Paint in the Snow

Fill a container with water and add a few drops of food colouring

Use plastic cups and paint brushes; spray bottles; or anything you have around the house

Ideas

- ◆ Let your imagination loose and create art in the snow, obstacles on the ground, decorate a snow fort, or decorate your snow pals!
- ◆ Create a treasure hunt: Pour some paint in ice cubes and freeze to create coloured jewels you can hide. Each participant can get a colour to follow. Paint arrows or obstacles that lead to an X that marks the spot for hidden treasure!
